

The General requirements conditions:

1. The Saudi Equestrian Federation is the competent and concerned body to issue all permits related to equestrian activities
2. The horse shelter (that were used for riding) is under the registered clubs that have a valid membership in the Saudi Equestrian Federation.
3. Participating horses shall have a registered membership in the Saudi Equestrian Federation.
4. Comply with the public decency and the overall appearance of the staff and adhere to the formal dress code.
5. Refrain to comply with the regulations and requirements will lead to penalties and fines that may ban the license.
6. Remain diligent and adherent amid precautionary health measures which are promulgated by the Ministry of Health in this regard, and set the COVID-19 awareness instructions and guidelines in clear locations to mitigate the risk of resurgence of the pandemic (COVID-19).

The Horse:

1. The general health of the horse shall be good with no skin lesions, diseases or wound contamination. The periodic vaccines in the horse passport shall be taken by accredited doctor through the Ministry of Environment, Water and Agriculture.
2. Ensure the participation of trained horses specified by the age and purpose.
3. Make sure to provide the equipment (saddle - bridle – horse tack....etc) in the each activity.
4. The health and safety of the horse shall be maintained prior, during and post to the activity.

The Horse Riders:

1. Wear the appropriate outfit for this activity.
2. Provide equestrian safety tools (helmet - body protector for the rider - suitable shoes for riding).
3. The rider shall be fully aware of the sport and provide the best knowledge about horse riding, dressage, show jumping, and how to use the bridle gear by a certified instructor.

Accompanying Team:

1. The team manager is fully responsible for all participants.
2. Provide a guide for the team, especially the in Heritage tourism areas.
3. The Event shall be led by an instructor who tracks the movement of riders and horses during the competition to ensure the safety precautions.
4. Cooperate with an accredited veterinarian in case of an emergency.
5. Provide the first aid in the starting area and cooperating with a health center or an emergency hospital.

The Facilities:

1. Provide a children's riding field (Pony horses are preferred).
2. Provide a chart to illustrate the race track, its topographic map and the race track time.
3. Find a resting place and public toilets for the both male and female riders.

The Race Track (Trails):

1. Safe track or trails shall be chosen in an appropriate environment for horses and riders (avoiding the rough terrain – high lanes).
2. Follow the race track and don't divert from the track.
3. The paved roads designated for cars shall not be used due to the safety precautions. A horseback track shall be chosen.
4. When passing through main roads, security points shall be provided to ensure safety.
5. Conduct and choose the beautiful tracks (archaeological sites - tourist destinations – nature and natural heritage ... etc).
6. The track shall set the appropriate distance for the participating horses so that there is a sufficient distance between each horse and another (a minimum of 5 m).
